Re: Environmental Commission Petition 2006-08

Dear Ms. Corp:

Terry Crawforth
Director Department of
Wildlife

Enclosed for "drafting" by the LCB Legal Division is a proposed permanent regulation that would modify NAC 445B.221. This regulation would adopt by reference the federal New Source Performance Standards (NSPS), and National Emission Standards for Hazardous Air Pollutants (NESHAPs). These federal regulations have been promulgated by the U.S. Environmental Protection Agency (EPA), effective July 1, 2004.

Lew Dodgion
Carson City, NV

The Nevada Division of Environmental Protection (NDEP) is delegated the implementation of the federal NSPS and NESHAPs programs relevant in Nevada; accordingly, it is necessary to keep the State's "adoption by reference" regulation as per NAC 445B.221 up to date so that EPA can continue to delegate the implementation of new rules to the State of Nevada.

Don Henderson
Director Department of
Agriculture

Additional supporting information for this proposed regulation, such as the workshop notice and the required SEC filing forms, is available on the SEC website at the following address:
